IBOLC Key Training Events

Combat Lethality

Teaching LTs the fundamentals of close quarters and hand-to-hand combat in order to finish the fight in the last 20 yards. LTs learn basic combatives and incorporate bayonet training and assault courses.

M4 Qualification

LTs learn the fundamentals of the marksmanship and execute individual M4 qualification in accordance with the Integrated Weapons training Strategy and the new TC 3-20.40. LTs incorporate training in Team and Squad LFX

Land Navigation

LTs learn and apply the fundamentals of land navigation, in both classroom and field settings. LTs must achieve 4 out of 5 points on day, night, night-into-day transition land navigation courses to meet graduation requirements.

Platoon LFX

The culminating live fire event in which LTs apply the tactics learned during the previous 17 weeks of instruction. LTs conduct deliberate planning and rehearsals for a platoon attack that also includes breach of a wire obstacle and entering & clearing a trench.

Leader Forge

The culminating practical exercise where LTs apply the doctrinal and tactical foundations they have learned throughout the course. This crucible event is a week of continuous dismounted infantry operations and culminates with LTs earning their Infantryman's Blue Cord.
